

Held a Completion Ceremony for the Aso Plant

Mitsui High-tec., Inc announced that a completion ceremony for the Aso Plant expansion construction was held on Friday, February 9th at the new plant in Nishihara-village, Aso-gun, Kumamoto Prefecture in the presence of Master of Shiroyama-hime Shrine.

As guests, Mr. Fusayuki Okuzono, Director General of Department of Commerce, Industry, Tourism and Labour of Kumamoto Prefecture, Mr. Kazuhiko Hioki, Nishihara Village Mayor, Mr. Katsunori Miyata, chairman of Nishihara Village Assembly and officers of Tateyoshi Corporation, the constructor of the plant attended the ceremony.

On behalf of Mitsui High-tec, President Yasunari Mitsui delivered a speech as “We will make every efforts to launch the new plant as soon as possible and expand our business in here Nishihara -village. We hope that this would be a part of the support for Nishihara-village where is recovering from the Kumamoto Earthquake. As a local member of Nishihara-village, we will grow along with Nishihara-village.” President Mitsui also expressed his gratitude extended to the constructor for its on-time construction, it was short term though, and handed an appreciation letter.

Thanks to this completion of the new plant, the area of the plants will be doubled and productivity is scheduled to be tripled by July 2019.
